JUST LIKE A GIRL YOU KNOW

The \$10 Million Campaign to Combat Sex Trafficking

November 1, 2016

Mr. Ed Bonisch, President
Brading Specialty Shades
3206 Yonge St.
Toronto, ON M4N 2L2

Dear Mr. Bonisch,

On behalf of Covenant House, I want to express our sincere thanks for your generous discount for the window coverings in our new transitional house for girls who have been victims of sex trafficking. We held the official opening of The Rogers Home earlier this month.

As the first of its kind in Canada, The Rogers Home provides seven beds and wraparound support for girls escaping sex trafficking, from crisis intervention through to independence. This welcoming and comfortable home will offer girls a safe haven as they work to regain peace, dignity and the skills to build an independent life free from exploitation.

Thank you for helping to make this beautiful space a reality.

This campaign is a bright light for our agency and the work we are doing with marginalized youth. With your support, we are able to provide the necessary and important services to help these girls move towards a life with a brighter future.

No girl ever chooses to be trafficked. Covenant House has the knowledge, experience and the network in our community to meet the needs of our girls and support them on the journey to reclaim their lives.

Thank you again for your generous contribution to this important work.

Best wishes,

Bruce Rivers
Executive Director

Thanks so much for
your support!
